

Air Race Classic 2010 – Classic 22

Sponsors Needed!

www.teammi.org

Support *women in aviation* by sponsoring a team of three Michigan Women Pilots who are participating in the 2010 Air Race Classic. This year's race starts in Ft. Meyers, FL and the terminus is in Frederick, MD.

Meet our team!

Pam Palmieri: Pam's dreams of flying began when she was a toddler. Her first flying activity was when she went parasailing in the late 70's in Acapulco, Mexico and she then moved on to skydiving and flying parachutes in 1985 in Lakewood, NJ. She was on the first civilian parachute team hired to jump into the Rose Bowl in Pasadena, California in 1990. She started formal pilot training in 2003 in Los Angeles, California and will be competing in her second Air Race Classic. She is a member of Women in Aviation, the 99's International Organization of Women Pilots, AOPA and EAA. Pam is flying to promote Girls With Wings, find out more at www.girlswithwings.com. Pam is the current Chapter Chair for the Michigan Chapter of the 99s.

Rebecca Duggan: The second oldest of five children, Rebecca was born in a small hospital in Warren, Michigan. She has a bachelors in business management and works in strategic planning for the Department of Defense. She's also a certified personal fitness trainer. Rebecca obtained her private pilots license in 1999 and says that it was the best thing she ever did for herself. Flying released her adventurous spirit and opened the door to a new and exciting world. She has over 300 hours in single engine aircraft and is now working on her instrument rating. She enjoys traveling and has been to more than 15 different countries with plans to travel to many more when she retires. Rebecca is the current Vice Chair for the Michigan Chapter of the 99s.

Rosemary Sieracki: Though I've been interested in flying and airplanes for as long as I remember, I didn't learn to fly until 1995, when I was 55 years old. For several years before I actually started taking lessons, I would watch planes taking off and landing through our kitchen window. The closest I had ever come to flying was watching Luke Skywalker in "Star Wars" countless times with our son. No one in my family is a pilot and, in fact, I didn't even know anyone who flew small airplanes. Then one day, in the dead of winter, I drove up to the airport near our home, walked in and asked how I could go about learning to fly. I signed up for ground school and in two years earned my pilot's license. And now I'm going to fly in the Air Race Classic, which has fascinated me since I my first lesson. Rosemary is the current Treasurer for the Michigan Chapter of the 99s.

Make our dreams possible, Please Sponsor Team Michigan!

As a team sponsor, your company name and logo will be included on our Team Website, on the jackets worn by the team during the race, on airplane decals and window decals that will be displayed on the plane at each stop. Team Apparel will be worn during the race, promotional events and advertising opportunities as well as used on Team Gear. We will make appearances at aviation events on your behalf. After the race, we will supply you with a team report, including photographs, our race standing and our gratitude for your support.

Currently, we are in need of donations to cover fuel, food and hotel expenses.

Sponsorship levels:

- **Platinum** (one available)
 - Large Logo on apparel/ Decals
 - Main PR Advertisement
 - Appearance at sponsor events
 - Website: home page credits w/logo
